Treasure Chest Mod for Tales of The Arabian Nights TOTAN

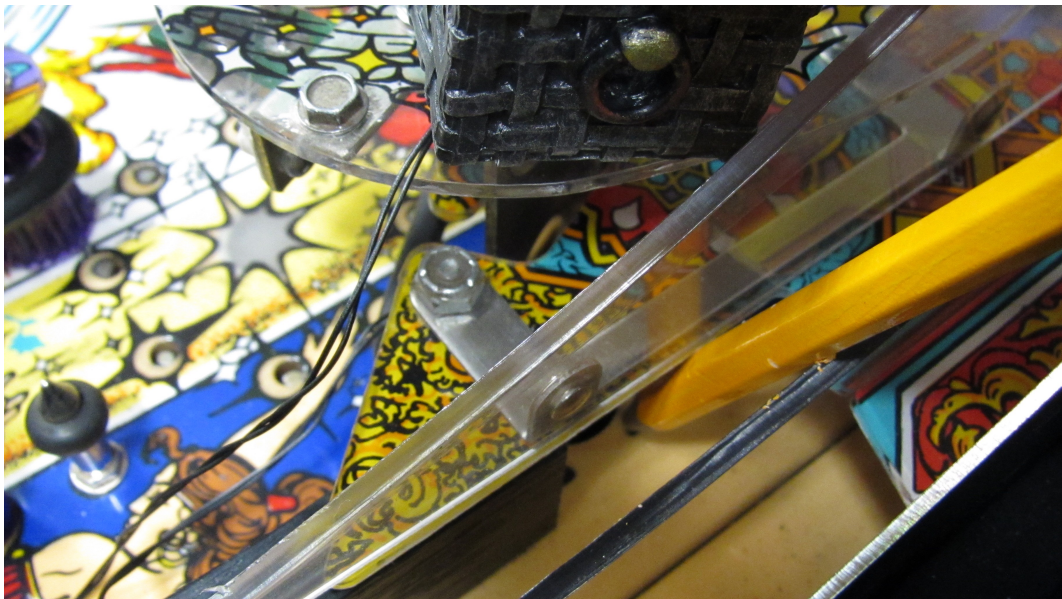

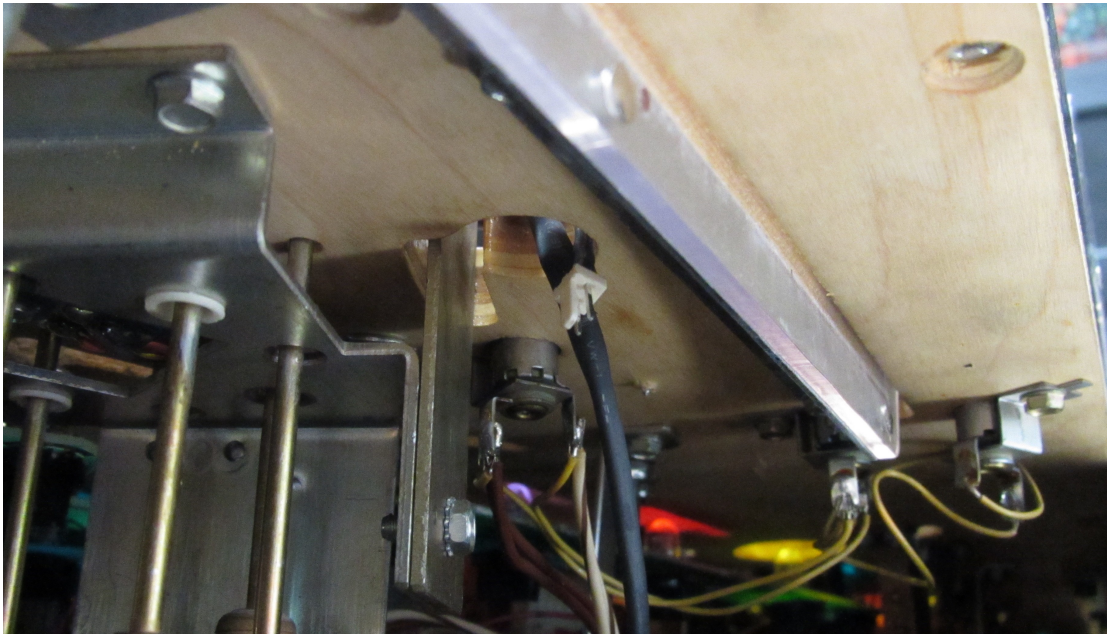

First I have to thank you for purchasing my mod...

It's an easy and reversible Mod. No soldering is necassary. You have only to remove a plastic and put in the new including the treasurechest and put the wires through a hole and connect it via alligator connectors.
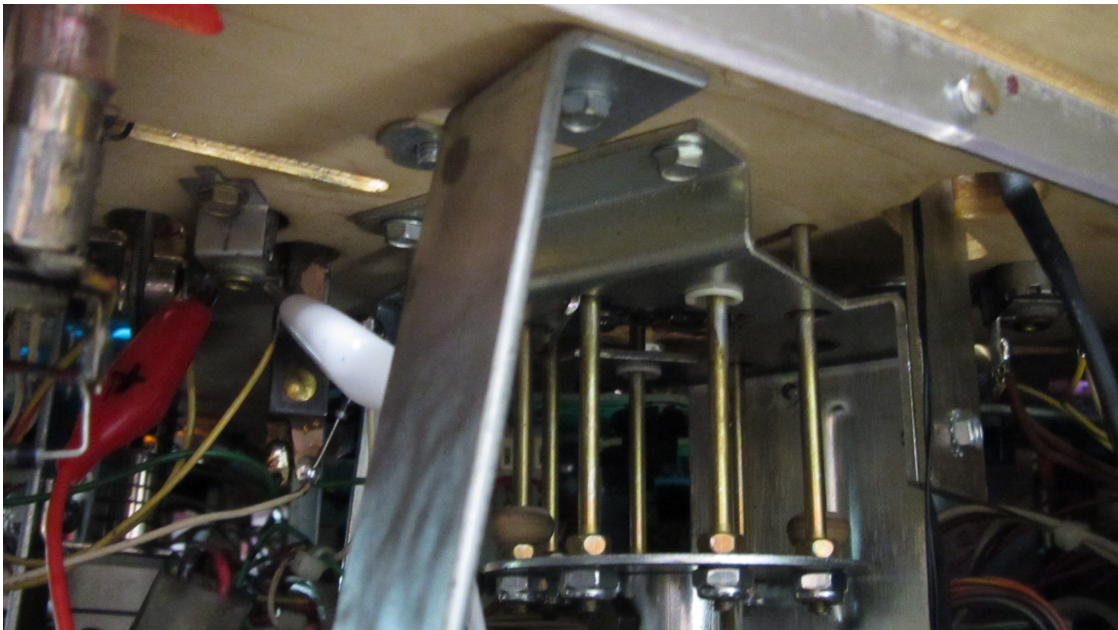

Open the playfield and put the wires through this hole
^

Connect the Chest alligator connector like this to a GI Lamp red markes +

For me its a great mod and I hope you will enjoy it like me
